## OUR PROGRAM FOR JANUARY 5TH:

### MEET CRAIG SCHULZ

*PRESIDENT OF CREATIVE ASSOCIATES AND THE FAMILY PEANUT BUSINESS*

FLAMINGO RESORT HOTEL, WEDNESDAY, 12:00 NOON

*Craig Schulz and friend*

Helicopter pilot, film maker, flight instructor, and owner & chief pilot of Woodstock Aviation, Craig was born in his father's hometown of Minneapolis, Minnesota, and one of the five children of cartoonist Charles Schulz, who moved his family to Sebastopol in 1958. Of course, Craig will share his memories of his dad, but also his love of Sonoma County and his personal commitment to the legacy of Peanuts. He serves on the board of the Charles Schulz Museum and has used some of his talents to make films for local schools and organizations such as Memorial Hospital and Hospice. And he plans to tell us about the new Peanuts television special he's been working on in partnership with Stephan Pastis, Warner Bros. and Wildbrain. Do not miss this rare opportunity to hear Craig Schulz next Wednesday.

## 89 YEARS AND COUNTING

This year, our club turned 89! For those who were not lucky enough to get a piece of birthday cake, here's a photo of what you missed!

## THE REMARKABLE MR. HARRIS

Rotary was founded more than a century ago in the Midwest City of Chicago by a lonely attorney from a small New England town who was impressed how a fellow attorney had made friends with the businessmen in his neighborhood. Paul Harris set out to organize a club of businessmen, each from a different profession, who would gather for friendship & mutual cooperation in finding new business. One of the four members offered to hold the organizational meeting in his office. At the first meeting, on February 23, 1905, 106 years ago next month, they decided that new members must be vouched for by another member. By the third meeting, they had 15 members, and established fines for misdeeds, such as addressing fellow members by their first names (which was quite unusual more than a century ago) and they decided on the name "Rotary" after the practice of rotating the meetings

among club members' offices. The Rotary Club of Santa Rosa, which was founded in 1921, will celebrate its 100th year of service only one decade from now.

## RECOGNITION

**President Don** recognized **Shannon Luft** for an article in the Press Democrat about her son Jake, his brothers Harrison and Parker, plus Shannon and the rest of the family.. Shannon spoke proudly about her son Jake who had contracted a life threatening disease and about Harrison who gave him a life-saving bone marrow transplant. The story has an amazing conclusion—Jake now runs Cross Country for the Maria Carrillo Track Team and is on the High School Wrestling Team as well.

**Debra Smith** announced she bought a new car and she was fined appropriately. However, when some members questioned the amount of \$1, **President Don** defended it as the happening during the season of charitable giving. **President Don** thanked all those who volunteered to ring the silver bells for the Salvation Army's Red Kettles, and for the Redwood Gospel Mission's holiday meals.

## ROTARY HAS ALWAYS MEANT BUSINESS

When Paul Harris put together that remarkable first luncheon meeting in his office way back in 1905, his initial purpose was bring together a group of like-minded businessmen who could useful share information about potential business leads. More than a century later Rotary Club around the world hold regular meetings in traditional venues but Rotary still has its base in the world of business. If you were to Google "Rotary Means Business" you would learn that Rotarians still get together to share useful information about business activity in our community. It is now called "networking" or more recently "social networking" If you would like more information about Rotary and business, ask visit the District 5139's RMB website and check us out.

## PROGRAM

The Program today was our club's traditional Holiday Family Trivia Competition **Ray Dorfman** was a great Master of Ceremonies with his quick wit and comical interaction with participants

**Trivia Master Ray Dorfman attempts to stump the crowd**

adding to the entertaining fun. Thanks, Ray, for doing an outstanding job and keeping us all laughing out loud!

**Here they are - the winning table!**

To say there was a little competition would be an understatement with a total of eight tables competing for the cash prizes. At the end of 4 rounds, out of a total of 32 questions only 2 had been incorrect. The competition was fierce! It took 10 complete rounds to determine that the winner was table number 6, splitting 70 percent of the jackpot—\$255. Tables number 5 and 8 tied for second place sharing \$109 between them. A fun time was had by all.

**and.....the losing table!**
